

# Utsav Paneru

Student

Kalanki , Kathmandu • 9761662351 • civecodes@gmail.com

I'm an AI and Machine Learning enthusiast, currently exploring the fascinating world of **Data Science**, Machine Learning, and Computer Graphics.

I've also learned the **MERN Stack** (MongoDB, Express.js, React, Node.js) for building full-stack web applications. Lately, I've been diving into **OpenGL** to understand the foundations of computer graphics and **3D rendering**.

## EDUCATION

---

### Bachelors in Computer Engineering

Kathmandu

*Kathmandu Engineering College*

Feb, 2024 - Present

I'm currently pursuing a Bachelor's in Computer Engineering at Kathmandu Engineering College, starting from February 2024. The program combines core principles of electrical engineering and computer science, providing a solid foundation in both hardware and software systems.

## PROJECTS

---

### Portfolio

A simple Portfolio Using REACT.

<https://portfolio-bkgw.vercel.app/>

### Guff Gaff

This is a project I created to work with **Socket.io** and **React**.

[https://github.com/cive202/guff\\_gaff](https://github.com/cive202/guff_gaff)

### Coders of Kathmandu

This is a data science project to find our coding friends all over Kathmandu .It suggests people you may know and displays the pages they have liked

[https://github.com/cive202/Coders\\_of\\_kathamandu](https://github.com/cive202/Coders_of_kathamandu)

**I've showcased three more projects on my GitHub profile.**
